

## Customer Testimonials:

### **Our Logo Socks from Expert Hosiery are a Hi Class Touch with our Customers!**

Expert Hosiery is great at creating our theme socks and we like the consistency of the product. We have been using those socks for years from Expert Hosiery. We have also used Christmas Stockings from Expert Hosiery and use it as a gift for Bowlers and they love it. It is a cool idea and we like the ones without the year. We even put them on our Christmas tree!

### **We turned to Expert Hosiery for our socks needs after our previous supplier couldn't fulfill an order, and we couldn't be happier we made the change.**

All of their products are of the highest quality, their selections are varied, their turnaround times are fast and their prices are great. But, most off all, we appreciate the excellent customer service and the caring, personal manner in which they treat our business. It is obvious they genuinely care about our success and about satisfying our needs. I strongly recommend Expert Hosiery to any bowling center.
